Amid the confusion the play began.

THE UNRULY HIT.

The players had hardly begun to tell the story of the love of the noble young Lacy for Rose, the daughter of the commoner lord mayor, and the conscription of the shoemaker Ralph for the war in France when a joiner in the pit recognized as one called to him. The actor taking the part of of the play, prodded the soldiers with his At this the occupants of the pit leaped upon the stage, shouting and striking out with their fists, and drove the players off the scene. Then the artisans tumbled back into the pit, laughing, and permitted the stage boy to prepare for the next scene, "Ye Feeld Near Olde Ford." Thus the play went merrily on, the artisans taking the most violent amusement out of the players by interrupting them with yells of approval, disapproval and suggesting, and yet not creating so much uproar as to obscure the telling of the The audience was so much displeased with the attempts of the lord mayor to force his daughter to marry a man she did not love as a nineteenth century audience is, and was as greatly pleased when the Morris dancers came on to relieve the monotony of the play as is the present public when the curtain rises on a comic opera or a casino musical comedy after a long spell of "the legitimate." The nobles in the Fortune Theater had an advantage of latter-day theater-going soiety, for the former crossed and recrossed the stage to chat with the ladies in their boxes, and stimulating drinks continually were served to the audience. A nobleman that descended into the pit was balked by the roisterers there and drew his sword. The artisans swarmed about him with their clubs and no doubt would have bruised him painfully had not several other aristocrats. brandishing their blades, come to his rescue. WILLIAM B. DE POY FREE

JUDGE LEATHERS HOLDS THAT HE IS NOT NOW INSANE.

The Same Evidence Given in the Ci cuit Court Rehashed-Other Cases in the Courts.

After two hard-fought legal battles-one in the Circuit Court and the other in the Superior Court-William B. De Poy, of Irvington, formerly a Baptist preacher, who has been held at the county jail on a charge of being insane, was given his freeers. It was charged in the insanity proceedings that De Poy became insane from the excessive use of cocaine, his wife making the affidavit and being the principal witness against him. Last week, while under the influence of the drug, it is charged that he assaulted his wife and was arrested. Later he was arrested for being insane and taken to the county jail. Insanity proceedings were held next morning before Justice Lockman, who declared him corpus proceedings were filed in the Circuit Court to obtain his freedom. Two physicians were sent to examine him after he recovered from the effects of the drug and they pronounced him sane and stated that he did not have the symptoms of a cocaine fiend, as his physical condition was normal the next morning after his arrest. The hearing before Judge Allen, of the Circuit Court, took up the greater part of the day, and his case was taken under advisement. Before Judge Allen gave his decision the proceedings were dismissed and refiled in Judge Leathers's room of the Superior Court.

DE POY WITHHELD CHARGES.

The hearing yesterday began in the mornday afternoon. The evidence in the case was practically the same as submitted before Judge Allen, although De Poy did not make the charges against his wife that he Merrill, sometime professor of English at | made in the Circuit Court. Several physicians, the officers of the jail and other wither husband had been addicted to the use of cocaine for fifteen years, and that when he was under the influence of the drug he treated her with extreme cruelty. One l veman, who lives in the same house with the De Poys, testified that she had never seen De Poy strike his wife and had never heard an excessive use of profane words. When De Poy was on the stand his attorney allowed him to only answer questions that were put to him. When Mrs. De Poy was testifying an attempt was made by De Poy's attorney to ask her if members of her family had not been insane, but Judge Leathers ruled out the evidence. that he could not consider the alleged reprehensible treatment toward his wife or his habitual use of cocaine, as those charges were not material in determining his legal sanity. He said De Poy appeared to be out of his mind only at the time he was under the influence of the drug, and, with the last exception, he had not been dangerous. When the effects of the drug wore away, the judge said. De Poy seemed to be himself, the same as a man recovering from intoxication. The testimony of the physicians who sat on the commission that declared De Poy insane, he said, was based upon their examination of the man while he was under the influence of the drug. Under such conditions, he said that the man may have been out of his right mind, but now he was sane, and he ordered

It was argued by Mrs. De Poy's attorneys that if De Poy was allowed to go free he would again use the drug and perhaps do bodily injury to his wife. Judge Leathers said that if they feared he might do his wife harm the proper proceedings were to file a petition for a divorce and restraining order. He said he would grant the restraining order, and then if De Poy offered to molest his wife he would punish him severely by sending him to jail for a number of months. The judge said if there was straining order before De Poy left the courtroom. However, no such papers were apparatus is involved. filed and De Poy left the room.

HIS PROPERTY ATTACHED. After the hearing, Mrs. De Poy, her attorney and a neighbor, met De Poy in the hallway of the courthouse and her attorney had a lengthy conference with De Poy watch, money and other property, but the sheriff would not turn it over to him, as the property had been attached by his wife. | month after their marriage. De Poy remonstrated with his wife's attorney over not having any money. Just then Judge Leathers came down the hall and the man with Mrs. De Poy said De Poy was becoming excited and that he ought to be restrained. Judge Leathers again said that if they feared him the course he had outlined was the proper one to pursue, but they did not avail themselves of this protection of the law. It was charged that De Poy learned to use cocaine by experimenting with it to ascertain the effect it had on the human system.
